Give thanks to the LORD, for he is good!
His faithful love endures forever.
Psalm 107:1 NLT

As I pause to reflect on the first six weeks of school, I can only marvel at God’s goodness and His faithful love. His promise of faithful love is a pillar of strength as we journey through the challenges of new beginnings. What a delight it is to be part of this journey.

Classrooms are complex. Diverse and multifaceted interactions occur within the classroom each day, yes, even each lesson. Sometimes I wish I could share the joys of the classroom with you, by having you observe the students as they grasp a new concept. These moments are rewarding.

Whilst I observe the students in our classrooms I am challenged about my own schooling. Being in God’s school involves undertaking and responding to His teaching program. His schedule covers every moment of the day. In love, He teaches us to be more like Him. He longs to show His glory in our responses and interactions. He is also there to whisper the encouragement we need when we face an unknown. What a privilege to be part of His schooling.

Mrs Jaeger
Community Service
Participating in community service is an integral part of the Domino Servite vision - Serving with Integrity. We have been blessed by the enthusiasm of our year 7 and 8 class, as they tend to the needs of our gardens everyday. Thank you students.

On Friday this week, our school will serve the community through music. We plan to visit the Gumeracha Hospital to brighten the lives of our elderly and sick community. Please pray that the students will be a blessing though song.

Parent Teacher Interviews
There is no doubt that the progress of your child is close to your heart. Consequently, we would love to share your child’s progress and our observations with you during week 9 and 10 of Term 1. Could you please ring the reception to make a time.

We request that you make this a child-free time. Our teachers will be available for you between 3pm and 7.30pm.

A Sad Farewell
Throughout life we celebrate the joys of new arrivals. However, sometimes we are also saddened by the need to say farewell. This week, we farewell Sonja Engelbrecht. The Engelbrechts are responding to God’s call to serve at a new Mission in Cape Town, South Africa.

Sonja, you have blessed us immensely. What a joy to have had you in our school for this very short time. We will pray for you, asking God to give you joy as your life takes a significant turn. Our blessings go with you.
